## 2. ASSEMBLY

1. First, stick the thermal pads onto the Raspberry Pi 4 as follows:

2. As next step, put the top of the case onto the Raspberry Pi 4.

3. Now, turn the Raspberry Pi 4 with the top around, put on the bottom part and screw the case tight at the bottom with the allen key included in the scope of delivery.

4. The case is now completely mounted.

### 3. OTHER INFORMATION

Our Information and Take-back Obligations according to the German Electronic Law (ElektroG)

#### Symbol on Electrical and Electronic Products:

This crossed-out bin means that electrical and electronic products do not belong into the household waste. You must hand over your old appliance to a registration place. Before you can hand over the old appliance, you must remove used batteries and replacement batteries which are not enclosed by the device.

#### Return Options:

As the end user, you can hand over your old appliance (which has essentially the same functions as the new one bought with us) free of charge for disposal with the purchase of a new device.

Small devices, which do not have outer dimensions bigger than 25 cm can be handed in for disposal independently of the purchase of a new product in normal household quantities.

#### 1. Possibility of return at our company location during our opening hours

Simac Electronics Handel GmbH, Pascalstr. 8, D-47506 Neukirchen-Vluyn

#### 2. Possibility of return nearby

We will send you a parcel stamp with which you can send us your old appliance free of charge. For this possibility, please contact us via e-mail at [service@joy-it.net](mailto:service@joy-it.net) or via telephone.

#### Information about Package:

Please package your old appliance safe for transport. Should you not have suitable packaging material or you do not want to use your own material, you can contact us and we will send you an appropriate package.
