

## Wireless Module

Model: EBOX-AD

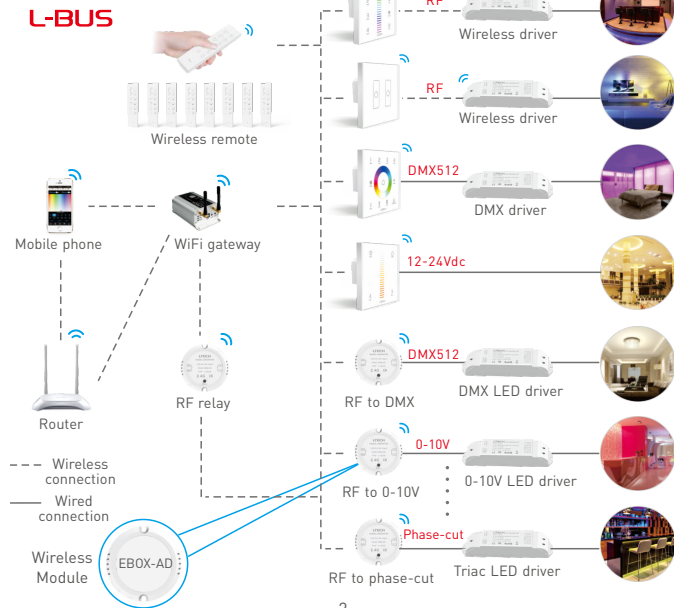

FC CE RoHS

warranty 5 years

### 1. System Diagram:

EBOX-AD wireless module applies to L-BUS wireless communication protocol and converts into 0-10V signal through RF wireless communication technology, which is used with LTECH 0-10V LED driver and compatible with all 0-10V series products on the market. Relying on L-BUS wireless technology, removing complex layout and expensive technical cost, making new or retrofit projects installation easier.

## 2. Technical Specs:

### EBOX-AD Wireless Module

Input Voltage:	5-24Vdc	Dimensions:	L55×W55×H21(mm)
Output:	0-10V	Package Size:	L65×W65×H26(mm)
Wireless Signal:	RF 2.4GHz	Weight(G.W.):	70g
Working Temp.:	-30℃~55℃		

## 3. Product Size:

Unit: mm

## 4. Wiring Diagram:

## 5. Match Code and Clear Code:

### Clear Code:
