

## Emmi-40 HC Plus

### Technical specifications Emmi-40 HC Plus

#### Description:

Universal device with stainless steel oscillating tank and stainless-steel case.

Timer 1-60 min., continuous operation, heating, and ultrasonic power regulator.

#### Dimensions:

Tackle outside (L x B x H): 380 x 190 x 260 mm

Tub Indoor (L x W x H): 300 x 150 x 100 mm

Basket Indoor (L x W x H): 270 x 130 x 75 mm

Mesh of the Basket (Ø): 6 mm

#### Content:

When content: 4.0 liters

Filling volume: 3.0 Liters

#### Equipment:

Internal tank: Stainless steel 1.4301

Housing: stainless steel 1.4301

Degree of protection: IP 32

Drain tap: Yes

Timer: 1-60 min / continuous operation

Heating: 30-80 ° C

Ultrasonic power regulator: 40 / 60 / 80 / 100 %

#### Technical specifications:

Transducers: 4 PZT broad beam transducers System

HF generator: overload protected, constant power

Modes: Easy half-wave

Operating frequency: 40 kHz

Ultrasonic power: max. 240 Watt

Heating power: 200 Watts

Power supply: 50/60 Hz

Power supply: 220 - 240 V
